

# Working with farmers, landowners and agribusiness since 1919

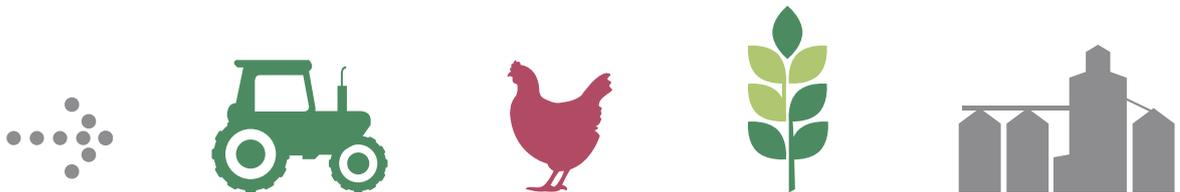

*“PKF Francis Clark has been with us on our journey and their advice as we have grown and expanded has been invaluable.”*

David Simmons, Riviera Produce

**For over 100 years, we have always supported farmers, landowners and agribusiness. Therefore, we have a deep understanding of the commercial needs of the modern farmer and the countryside they work in.**

**At PKF Francis Clark we act for over 450 farming businesses and more than 45 landed estates.**

Our client base spans all sectors of the industry. We advise some of the country's largest dairy farms, vegetable and horticultural producers, as well as livestock and arable farms; many of which include diversified activity.

## Locally available expertise throughout the south and west

With 50 partners and over 700 professionals working across eight offices in the South West, PKF Francis Clark is the largest independent firm of chartered accountants and business advisers in the region. As such we can offer expertise across all service lines, meaning in-house, dedicated experts are all available locally to you.

## Making the difference to you
